after 6 PM CT  
will be effective  
on the next  
business day.**

# Accessing Your Account Information Using Mobile Banking

When using Peoples Telephone Banking for the first time, your access code will be your Social Security Number or Tax ID Number. The system will then guide you through the process of choosing a new access code. Be sure to protect the secrecy of your access code and to change your access code to a 4-6 digit number that only you know.

STATE BANK

## **It's easy...**

Simply phone our toll free number from anywhere in North America, and follow instructions on how to choose the available options. Nothing could be easier!

## **It's open 24 hours...**

Telephone Banking is part of Peoples State Bank's commitment to providing a first-class banking service. With one call you'll be able to carry out transactions quickly and efficiently, anytime, night or day, leaving you free to get on with the more important things in life.

## **It's fast...**

With Telephone Banking, you can complete all your banking quickly without making a trip to the Bank. This means no parking to find, no traffic to fight and no standing in line! Now that's fast!

## **It's convenient...**

Telephone Banking gives you the freedom to choose when you want to conduct your banking, and is available 24 hours a day, 7 days a week. Convenience when you want it.
